

Below is a **2–3 hour HTML–CSS mega exercise, customized for an Insurance Company**. This mirrors **real insurance websites** (LIC / HDFC Life / ICICI Prudential style) and covers **maximum HTML–CSS topics**.

Project Scenario

You are hired as a **Frontend Trainee** to build a **responsive website** for an insurance company named:

Hartford India Insurance

The site should promote insurance plans, company trust, and allow users to contact the company.

SECTIONS TO BUILD

1. Header & Navigation

Requirements:

- Company logo text: Hartford India
- Navigation menu:
 - Home
 - Plans
 - About
 - Contact
- Use **Flexbox**
- Sticky header (*bonus*)

2. Hero Section (Trust Focused)

Content:

- Heading: *"Protecting Your Life & Future"*
- Short paragraph
- Button: *View Plans*

CSS Rules:

- Full width section
- Center text vertically & horizontally
- Background color or gradient

3. Insurance Plans Section (CARDS WITH IMAGES)

Create 4 insurance plan cards:

Plan	Description
Life Insurance	Financial protection for family
Health Insurance	Medical coverage
Vehicle Insurance	Car & bike protection
Home Insurance	Secure your property

Each card must contain:

- Image
- Plan title
- Short description
- “Learn More” button

 **Use Flexbox**

-  Equal height cards
-  Hover effect (lift / shadow)

4. Why Choose Us (Features Section)

Create 3 feature boxes:

- 25+ Years Experience
- Trusted by 1M+ Customers
- 24x7 Claim Support

 Use Flexbox

-  Icons or images allowed

5. About Insurance Company

Layout:

- Left → Image
- Right → Text

Text Sample:

Hartford India Insurance has been serving customers with trust and transparency for over 25 years.

 Two-column layout

-  Stack on mobile

6. Statistics Section

Display 4 statistics:

- 1M+ Customers
- 500+ Branches
- 98% Claim Settlement
- 25+ Years Experience

 Center aligned

 Light background

 Equal width boxes

7. Contact / Insurance Enquiry Form

Form Fields:

- Full Name
- Email
- Phone Number

- Insurance Type (dropdown)
 - Message
 - Submit Button
- ✖ Inputs full width
 ✖ Proper labels
 ✖ Spacing using padding & margin

8. Footer

- Company copyright
- Disclaimer text
- Dark background

RESPONSIVE RULES (MANDATORY)

For screens **below 768px**:

- ✓ Navigation → vertical
- ✓ Cards → 1 column
- ✓ About section → column
- ✓ Reduce padding

⌚ Suggested Time Split

Section	Time
HTML structure	30 mins
Header & Hero	25 mins
Insurance cards	35 mins
About & Features	30 mins
Form & Footer	20 mins
Responsive design	20–30 mins
